

# Topic Web - Which moors and tors surround us?

Our first topic of the year focuses on our wonderful county of Cornwall as we learn about the physical geography in our locality.

## As musicians, we will:

immerse ourselves in a range of music genres, discuss our likes and dislikes and learn some Harvest songs!

## As scientists, we will:

- (Yr 2) - learn about different materials, their properties and how they change through force.
- (Yr 3) - learn about the three main rock types, how fossils are formed and what soil is made of

## In PSHE, we will:

strive to aim high! Setting goals and celebrating achievements, think about what our futures could look like. Perhaps we have some future Olympians in our midst.

## As technicians, we will:

Design, make and evaluate different types of structure that would be suitable as an animal hide, to protect our local wildlife.

## As geographers, we will

practise our map work using printed, digital and our own sketch maps. We will use compass directions and recognise OS map

## As mathematicians, we will:

become secure in our understanding of place value of numbers up to 100 (Yr 2) and 1000 (Yr 3) which will then lead in to addition and subtraction.

Autumn Term  
2024  
Class 2

## As learners about different faiths, we will:

learn about what 'God' means to Hindus.

## As IT specialists, we will:

learn how to programme using systems like Scratch.

## As readers and writers, we will:

read and adapt the Cornish legend about how St Michael's Mount was formed by Cormoran the giant and his wife Cormelian. As we complete the Read, Write, Inc programme, we will learn new VIPERS reading comprehension skills.

## As athletes, we will:

learn the ball skills needed to play tag rugby and practise having to attack and defend.
