

Art

Concept: Drawing and representing – The ability to express ideas visually through the use of 'Line', 'Shape', 'Space', 'Form', 'Contrast' and 'Texture'.

Learning Question: What is Drawing and What is Representing?

Drawing is when you use lines to make a mark on a surface.

Representing is when you depict an object or thing by either drawing it, painting it or by making a model of it using art materials.

Vocabulary:

Continuous Line – when drawing, a continuous line is when you do not take your pencil off the paper and your drawing is completed in one nonstop mark.

Viewfinder – a frame that focuses our attention on a specific area.

Sketch – a simple, quickly-made drawing that does not have many details.

Portrait – a drawing or painting that an artist produces of someone else.

Self-Portrait – a drawing or painting that an artist produces of themselves.

Style – art styles describe the way the artwork looks. Art styles can often be attributed to a country, a time in history or even to an individual artist.

Simple Art Techniques:

Figure 1 Continuous line drawing

Figure 2 Backwards and forwards drawing

Figure 3 See three shapes drawing

Figure 4 Thoughtful mark making

Art Materials:

pencil

charcoal

pastels/chalk

oil pastels

paints

felt-tip pens
